

## **HOW TO APPLY FOR AN URGENT VISITOR VISA TO CANADA FROM UKRAINE?**

**Below is a Summary of Procedures on how to Apply for a Visitor Visa to Travel to Canada on a Temporary Basis.<sup>1</sup>**

**NOTE: On March 3, 2022, the Government of Canada announced special measures to assist Ukrainian citizens to come into Canada, including a simplified Visitor Visa application process. The details relating to these measures are expected to be released within the next two weeks. In the meantime, below is an overview of the standard Visitor Visa application procedure that applies currently.**

In order to travel to Canada, a citizen of Ukraine needs to either (1) have a valid Visitor Visa, or (2) apply for a Visitor Visa on the IRCC Portal (<https://portal-portail.apps.cic.gc.ca/signin?lang=en>).

**Please note that applying for a Visitor Visa does not guarantee that the application will be approved. This is because an Immigration Officer will make a final decision based on the application.**

### **1) SUMMARY**

This guide provides instructions on the steps required to apply for a Visitor Visa.

#### **Step One:**

- Apply for a Visitor Visa online via the IRCC Portal and submit your application (<https://portalportail.apps.cic.gc.ca/signin?lang=en>)

#### **Step Two:**

- The Government of Canada will request the Applicant to provide biometrics (fingerprint and photo) at a Visa Application Centre if the Applicant does not already have valid biometrics on file.
- Currently, the Visa Application Centres in Ukraine are closed. Given this, in order to finalize the Visitor Record application (under the current procedure) the Applicant will either need to (1) submit a request for exemption of the biometric requirement required to be submitted in the Visitor Record application by uploading a request letter (attached at Appendix “A” hereto is a form of this request letter that can be used), or (2) travel to a Visa Application Centre from outside of Ukraine to complete the biometrics requirement.

#### **Step Three:**

- Lastly, before the Visitor Visa application is approved, the Applicant will need to mail their passport to a Visa Application Centre in Ukraine. This step will be difficult to complete because all of the Visa Application Centres in Ukraine are currently closed. Given this, the

Applicant may need to mail the passport to a Visa Application Centre from outside Ukraine and the Applicant would need to travel to that location in order to pick up the passport with the Visitor Visa.

---

**NOTE: If the Applicant is unable to travel to another country to submit biometrics or pick up their original passport with a visa stamp, it is still worth submitting an application as the Government of Canada may decide to make exemptions with respect to these requirements as the situation evolves. As of March 3, 2022, no such exemptions have been confirmed; however, this may be subject to change.**

## **2) OTHER TRAVEL CONSIDERATIONS RELATED TO COVID-19**

Further, in order for a citizen of Ukraine to be allowed to board an airplane to travel to Canada, they must meet the below two Covid-19 requirements:

- 1. Proof of Vaccination:** Adults 18 years of age or older must be fully vaccinated. This means you have received two doses of a World Health Organization approved Covid-19 vaccine and the second dose was received more than 14 days before your travel to Canada. Those who are under 18 years of age do not need to be fully vaccinated; and
- 2. Pre-Arrival COVID-19 Test:** Anyone over the age of 5 must obtain an authorized clinic administered rapid antigen test taken within 24 hours from departure to Canada or proof of positive molecular test taken at least 10 days before and within 180 days of departure to Canada.

**NOTE: At this time, the Government of Canada has not yet confirmed whether these Covid-19 related entry requirements will be waived in light of the circumstances in Ukraine.**

Immigration, Refugees and Citizenship Canada

Dear Immigration Officer,

**Re: Visitor Visa Application – Request for Exemption from Biometric Requirement**

I am applying for a Visitor Visa and I am currently located in Ukraine. There is currently a war between Russia and Ukraine. As such, the Visa Application Centres in Ukraine are all closed.

Below is a screenshot from the IRCC website dated March 2, 2022 that confirms the two Visa Application Centres in Ukraine are closed. Further, the Visa Application Centre in Poland is not open to the public. Accordingly, it is not possible to complete the biometric requirement for the Visitor Visa application

Given this, I respectfully request for exemption from the biometric requirement and to complete the biometric requirement upon my arrival in Canada.
